Symbol Definition

- | | |
|-----|--|
| (#) | The number in the parenthesis refers to the line number from the original survey that was completed. |
| - | Data is unavailable, not applicable, or was not provided |
| ❖ | See comments in the Remarks section |

Some values were not broken down into their individual numbers. In these instances, the values have been “stretched” across multiple columns to reflect the total overall costs involved.

Remarks

BATES TECHNICAL COLLEGE LIBRARY

The Bates Technical College Library uses the fiscal year of July 1, 1998 through June 30, 1999.

The Library is closed to students whenever classes are not in session. The Library was closed from 11/27/98 through 01/04/99 for relocation to a smaller, temporary facility while the Library's permanent larger facility was being renovated. Estimated renovation completion date is July, 2000. The Library was open to students approximately 197 days or 39.4 weeks during FY98/99. College staff are welcome to use the library whenever library staff are physically present.

- Line 03: In addition to the library staff, there are two faculty who coordinate the use of some audio-visual equipment for college faculty and staff in addition to their regular non-library teaching functions. The two AV Coordinators are not affiliated with the Library.
- Line 05: The Library staff includes two Library Technicians.
- Line 09: The librarian's salary was \$50,838; the stipend for the two AV Coordinators was \$5,766 for a total of \$56,604.
- Line 10: The regular salary for the two Library Technicians was \$42,682. There was also \$776 paid in terminal leave for a total of \$43,458.
- Lines 12-19: The total amount spent on library subscriptions and materials was \$72,290. This includes all formats.
- Line 20: A total of \$25,743 was spent on furniture, equipment, computer hardware and software but does not include maintenance. Of that total, \$20,889 was spent by the Library and \$4,854 was spent by the AV Coordinators.
- Line 21: Computer hardware and software expenditures are included in Line No. 20.
- Line 22: Bibliographic utilities, networks and consortia are included in Line 23 for all other operating expenditures.
- Line 24: Of the \$207,606 total, \$196,380 was spent by the Library and \$11,226 was spent by the AV Coordinators.
- Line 25: The \$28,300 spent on employee fringe benefits includes \$27,138 spent for the 3.0 FTE library staff and \$1,162 for the 0.1 FTE AV Coordinators.
- Lines 26-27: Statistics are not kept for the number of volumes and titles added during the fiscal year—just the totals held at the end of the year.
- Line 29: No statistical distinction is made between electronic or paper titles.
- Line 32: No statistical distinction is made between audiovisual or paper volumes and titles.
- Lines 33-38: No statistical distinction is made between returnable or non-returnable ILLs.
- Lines 39-40: No statistical distinction is made between circulation transactions from the general and the reserve collections.

BELLEVUE COMMUNITY COLLEGE

Lower statistics in patron count and circulation is attributed to the renovation project that the library underwent during FY 1998-99.

CENTRAL WASHINGTON UNIVERSITY

- Line 30: Due to funding constraints, 241 periodical subscriptions were canceled.
- Line 44: Library traffic during Fall Quarter has been influenced by the library remodeling (lighting, wiring, and heating), which began during the inter-session break - September 1999.

CITY UNIVERSITY

- Lines 20 & 21: Expenditures for furniture and computer hardware are paid from the university's capital budget, not the library's operating budget and are not reported to the library.
- Lines 26, 27, 32: Due to conversion of catalog to new software, counts of newly added units for these materials are not known. The two systems (the former and the new) do not count volumes or bibliographic titles in the same way.
- Line 31: The number of serial titles is only a general estimate. We subscribe to over 20 databases that include full-text. There is undoubtedly overlap and duplication of titles as well as titles with varying proportions of full-text coverage.

CLARK COLLEGE

- Lines 59, 60, & 61: Sixty-four station computer lab on second floor of library but managed by Computing Services.

GREEN RIVER COMMUNITY COLLEGE

The EBSCO payment for 1998-99 was paid from 1997-98 funds but included in this total. The payment was \$26,018.

HERITAGE COLLEGE

Some financial information was irretrievably lost as the result of the college's business office financial accounting software crashing. Some of the information has been reconstructed from library records.

ITT TECHNICAL INSTITUTE

All Electronic resources are available from and paid for by ITT-Technical Institute Headquarters located in Indianapolis Indiana. Access includes the Virtual Library, ProQuest - 4 databases, EBSCO - 1 database, plus textbook electronic materials and links to many relevant Internet Resources.

NORTHWEST COLLEGE OF ART

Computer access as described on Lines 59-61 is available in another area on campus (Computer Labs).

NORTHWEST INDIAN COLLEGE

Statistics include college students and library users from the general public and tribal members since we also serve as a public library for the Lummi Tribe.

Statistics are down in usage from last year due to the Children's Library being open less hours.

Our total book count only includes items on our automated card catalog. There are approximately 12,000 books (11,300 titles) that are uncatalogued. These items are catalogued as they are checked out.

We have put Native American and other reference materials at six different learning sites. All NWIC students at the different sites may borrow books from our library.

SOUTH SEATTLE COMMUNITY COLLEGE

- Line 54: The library is in temporary quarters during remodeling. We do not have a counter at the gate in this facility.

TACOMA COMMUNITY COLLEGE

- Lines 12-16: Includes approximately #10,303 from outside sources (Friends of the Library, ASTCC, etc.)
- Lines 29 & 31: Last year reported the number of individual titles included within subscriptions. This year's reporting is subscriptions only.
- Line 57: Situated in a video-conferencing classroom which is overseen by the Media Services Department.
- Line 59: Answered incorrectly last year. We have satellite downlink capabilities, but not broadcasting, in the Media Services Department.

UNIVERSITY OF WASHINGTON

- Lines 47D & 48D: As allowed by licensing agreements. Most agreements do not allow remote access by non-primary clientele.
- Lines 52D, 53D, & 56D: These services provided to non-primary clientele for a fee.
- Lines 54C & 54D: Remote access to technology to assist users with disabilities limited primarily to a TDD line and universal access design provision in our Information Gateway Adaptive hardware provided in the library.

WESTERN WASHINGTON UNIVERSITY

- Part C: Library expenditures are considerably higher than the previous year's survey due to the fact that the person completing this survey at that time was not including budgets related to the Cooperative Library Project and to the maintenance of our Library Information System. All Library budgets are included in this survey response.
- Line 26B: This figure is considerably higher than reported a year ago due to the addition of Government Documents to our catalog.
- Line 28B: This figure is significantly lower than reported a year ago due to the withdrawal of some microfiche collections and a complete revision of our estimated microform collection size.

WHATCOM COMMUNITY COLLEGE

- Line 59: Computer use is designated only for students with disabilities.

WHITMAN COLLEGE

Whitman College does not have a formal distance-education program; however, a certain percentage of the student body is abroad each academic year. Library resources such as free and restricted databases and journals are still accessible to those students.

WHITWORTH COLLEGE

- Lines 59-61: These services are provided by the Instructional Resources unit, which is located in the library building, but under separate administration.
